# 1934 GLADIOLUS BULBS

**H. W. STEVENS**

**96 CHESTNUT AVE.**

**WATERBURY, CONN.**

**HUNTINGTON AVENUE GARDENS**

STEVENS' GLADS won 12 First and 6 Second Prizes, also Three Silver Cups including the Championship for Most Points in the Open Classes at Boston Show this year, which Awards are sufficient proof of their high quality.

BULBS offered in this list are as good as it is possible to grow, carefully selected, guaranteed true to name. Bulbs are sent Prepaid. All bulbs offered subject to prior sale, so please order early.

Prices of bulbs the last two years have been so reduced that in many cases growers are offering them at less than it costs to grow them. I believe prices in this list are as low as is consistent with high quality.

Large Bulbs are 1 1/2 inches or larger; Medium Bulbs, 3/4 to 1 1/2; Small Bulbs 1/4 to 3/4.

MARY ELIZABETH—This variety of my own introduction, was winner of SILVER MEDAL at Boston Show 1930 as a Seedling, and First at Boston 1932, First at Grand Central Palace New York 1932, First at Hartford 1932 and 1933. It was especially fine this past season but a few days too late for the Boston Show. It evidently will be necessary to allow about 115 days from planting to blooming time. Mary Elizabeth is a good strong, tall grower, straight spikes and increases rapidly. Color is white with a large decidedly yellow throat, which puts it in the Cream Class for Exhibition purposes. Texture is heavy which is unusual for a Glad that will open 8 to 10 florets at one time. I can offer large bulbs this year at 50 cents each, \$4.00 per 10.

EDITH DEAN—In growing Seedlings for the past ten years I have had many that I liked very much, but did not consider introducing them, just grow them for my own enjoyment. Among them was an Orange of Hybrid Prim type, taller spike, and larger flower than Orange Queen, but the Color was a deep burnt Orange, different than any I had ever seen. I took a few Spikes to the Boston Show this year, entered them in the Orange H. P. Class and in keen competition it won First, and was very much admired. I feel that anyone who grows this Glad will like it, so let me introduce to you EDITH DEAN. Large Bulbs 50 cents each. \$4.00 per 10.
